Themes to have their own icon sets

Accessibility

A new course to get up and running in Tutors

Emma has graphic design.

# 2. DOCUMENTATION

rewrite the following HOWTO (REFRESHER COURSE - TUTORS HOWTO)

pre-requisites:

- basic GIT (best simplest UI - sourceTree GITFINDER, GETHUB DESKTOP, or can you find one better?) find workflows or tools that Designers use for GIT.
- MARKDOWN (TYPORA.io is our editor of choice)
- Save and publish
- Assembling a course

<https://tutors-svelte.netlify.app/#/course/tutors-course.netlify.app>

<https://github.com/tutors-sdk/tutors-course>

# 3. MEDIA

splitting combining

obs ffmpeg mkvtoolnix handbrake (UI for ffmpeg)

mp4 mkv

YouTube

## 4. ENGINEERING

- Roadmap that we went through
- <https://github.com/tutors-sdk/tutors-roadmap>
- we should prioritize

## Mission and values statement

end goal summary

### why

---

enable educators to produce rich media accessible highly usable education content quickly and simply using open source tools.
